Year 3 & 4

Phoenix

Mrs Hackett
(Phase Leader)
Miss Griffin

Delphinus

Miss Shaw
Mrs Paul

Columba

Miss Procter.
Mrs Palmer

Surgery days

At the beginning of each day, teachers will be out on the playground. Please come and speak to us if you have anything you think we need to know, have any worries, or just to say hello! If you need to speak to us for longer than just a quick word, please make an appointment with the appropriate teacher:

Monday: Miss Procter

Tuesday: Mrs Hackett & Miss Shaw

TOPIC WORK

Throughout the year, we will have different topics which will usually last between two and three weeks. Our first topic will be the Egyptians. Once we are a little further into the topic, please have a look at our Phase webpage to see photos of some of these activities.

ENGLISH

Helping at Home

Reading: Please continue to support your child with their reading at home. Reading logs are collected **EVERY DAY**, and it is important that an **adult** signs off any reading which the child has done, whether they have read with an adult or independently, so that we can move them up the Readership Award Chart. If your child is on the Reading Scheme, we will endeavour to change the books the same day that they are returned to us.

Writing: Some activities you could use to encourage your child to improve their writing could be to write to a family member or friend. They could also write a story for you to read at bedtime. If they need to improve their handwriting, you could get them to write out the shopping list so that it can be easily read in order for the correct items are bought. Help them with planning any writing homework.

Spelling: Each week, your child will get spellings to learn based around a particular rule. These will go home on a Friday to be learnt for a test on the following Thursday. Children will be tested on some of the words sent home as well as other words which use the rule. Please take time each week to go over these spellings as well as the rule, with your child.

Showcases

Throughout the year, to tie in with our topics, we will be having 'Showcases'. These are things which the children are working towards producing. It gives purpose to their work. A showcase might be a short film, a play, an information leaflet, or something completely different...

For our first Showcase Year 3 & 4 are holding an Egyptian Exhibition and parents, grandparents and friends are invited to view our work on **Tuesday 7th October** at **2:45pm** in the Year 3 & 4 Area.

Hopefully we will also have some of the artwork and writing which the children produced for homework to display!

MATHS

Hopefully, practising the skills for their current 'Quick-fire Maths' target has now become part of your child's daily homework routine. Last year they were beginning to realise that the time they have to answer each question isn't long and so they really need to be confident in the facts they are learning in order to answer within this allotted time. Therefore, please help your child practise regularly in order to increase their confidence.

Helping at home

Each Quick-fire maths level comes with its own practise pack, but please speak to your child's teacher if you need any further support with this.

This half term, perhaps let your child help you with the cooking and shopping for a meal. They can decide what is needed (which may involve adding, multiplying. It might also include some division if it is a recipe which has been written for more people than you require). Get them to calculate how much it will all cost and how much change they should get.

SCIENCE

This half term the children are learning about 'Materials'. We will be exploring solids, liquids and gases and how materials can change state.

RE

This Half term we are learning more about Creation. We will be learning how we are called to be part of God's creation. We will then explore how we respond to that calling through Baptism and how we can protect God's creation.

PE

PE lessons in Year 3 & 4 are generally held on **Thursday** afternoons with specialist Sports Coaches. However, there are occasions when we have PE is taught on different days, so please ensure that your child has their clearly labelled PE kit in **every day**.

If your child is taking part in an after school activity, they are expected to wear alternative appropriate clothing, other than their school PE kit.

HOMEWORK

Every 2-3 weeks, depending on the length of the topic, you will receive a some Learning and Enquiry-based homework to complete with your child. As you learn together, through doing the different projects, you will hopefully get to know more about how your child is getting on with their work, and they will learn from you. This homework is in addition to the reading, spelling and number facts (Quick-fire maths) practise which your child should be doing every day.
