

'Iceberg Ahead!' - Spring term 1

After Christmas our new topic will be 'Iceberg Ahead!'
We will be learning about 'The Titanic'.

As part of our family learning enquiry homework we would like you to choose from the following activities:

-Use materials of your choice to create a scene from the story of the Titanic.

-Research a key figure from the Titanic and create a detailed poster with their picture and 5 facts about them.

-Write 6 questions you would ask Captain Smith if you had the chance.

-Gather a range of different objects and explore whether they float or sink. Record your findings.

-Send a postcard from on board the Titanic to a family member. What did you see, smell, touch, hear and feel?

-Create a model of the Titanic using any materials you wish.

-Write an acrostic poem using a word connected to The Titanic.

Please bring your homework into school by Friday 19th January so that we can put it up on display for all to see.
We look forward to seeing your creations!

You may also want to consider visiting the SeaCity Museum in Southampton which tells of Southampton's connection with the Titanic and also has interactive experiences for all the family.

<https://seacitymuseum.co.uk/> We tried to arrange a phase visit but unfortunately we could not arrange a suitable date.

The Key Stage 1 team 😊
